Payment Methods

Cash, checks (established accounts only)

Master Card, Visa, American Express

Official US Distributor

Allmakes 4x4
GENUINE QUALITY from ENGLAND

Ordering Information

Calling **800 554 4133** is still the fastest way to get an order in. BP's staff is not on commission, so if you have a question you can trust their recommendations. They get paid the same way if you give them your order or we refer you to someone else. No other Land Rover parts distributor in the US can make that claim. If the number is busy please try again: we spend as much time on the phone as you require. The busiest times are early morning and lunch time. Afternoons are usually easier to get through. That's up to 7:00 PM eastern.

You can also place an order **on-line** by going here:

<http://www.landroverparts.us/salesform.html>

This is a secure connection (although it doesn't look like it if you know how those things work) and your order will be confirmed by e-mail during normal business hours. We are *not* automated (costs too much) and a real person looks over every order to make sure you get the right part and everything you need for the job. We're not Amazon.com, we're better: you talk to real people.

We will also accept an order by **fax: 661 257 9765**

Shipping Options

We ship within the US and to APO-FPO's only. **No overseas orders, please!** We use **UPS** and **US Postal Service** for most of our orders. Priority Mail is fast and reliable on items under 5 lbs. Over 5 pounds UPS Ground is usually cheaper. We also prefer to ship UPS on high dollar items regardless of weight. We offer Orange (3-day) Blue (2-day) and Red (overnight) services at extra cost. We can also use FedEx on request. We will ship by the customers request where possible. Orders must be in by 2:00 PM Pacific (5:00 Eastern) for same day shipping.

Large items that require truck freight can be quoted before dispatch. You can also 'will call' any item for pick up at our Valencia facility at no charge.

Item Pricing

We base our prices on actual landed costs, which means they change frequently. Other places that print paper catalogs with printed prices often inflate their prices to accomodate fluctuations. The way we do it is harder but it usually results in you getting a lower price.

There are two ways to check prices on line. You can use the '**Price Lookup**' feature by clicking the button on the left column of our home pages. Once opened this can be used on *any* page on *any* web site so that you can easily compare prices. Make sure the brands or quality level are the same before making a decision based on price. Sometimes the lookup feature can be a little slow, depending on your connection.

You can also download our **PDF Price List**, which is updated monthly. It can be found on the home page of any catalog.

Can't find it in the catalog? Please ask! We special order from the UK.
